Brief Profile of WUB:

World University of Bangladesh (WUB) has been established in 2003. The University is approved and recognized by the Ministry of Education, Government of the People's Republic of Bangladesh and the University Grants Commission (UGC) of Bangladesh. It is a leading university for utilitarian education. The university has produced as many as Twelve thousand graduates in its eleven departments covering twenty five programs. None of its degree holder is unemployed implying its commitment to offer up to date and quality education.

About Department

Masters of Public Health (MPH) program established under the Department of Biomedical Engineering & Public Health at World University of Bangladesh, is a regional and global leader in public health education, research and services, with the largest concentrations in academic population and public health researchers in Bangladesh.

About This Program

The Master of Public Health program at World University of Bangladesh prepares students to influence change and transform lives. At WUB, we share a commitment to public health as it affects people and societies, locally and globally. Our in-the-world approach translates into a revolutionary model of public health education that gives you the opportunity to investigate pressing challenges and develop productive solutions. The rigorous curriculum prepares students to become leading public health professionals capable of addressing current global health problems with multidisciplinary, evidence-based approaches. During the program, students interact with public health faculty members renowned for teaching, practice and ongoing research around the world. In this diverse and collaborative learning environment, students learn as much from each other as they do from their coursework.

Objectives:

- ◆ To promote foundation knowledge, understanding and capacity for appreciation of the importance and scope of public health as a key discipline;
- ◆ To disseminate knowledge and insight for the purpose of identification and prioritization of public health problems in the country and the community;
- ◆ To improve skills and attitude for conducting research and documenting learning necessary to assist the process of development and implement interventions and strategies related to public health.

Credit Hours & Duration : This is a 56-credit program that requires a 1.6-years plan of study for a student.

Admission Requirements

MBBS, B.Sc Nursing, B.Sc Physiotherapy or its equivalent degree is the basic requirement for all MPH courses. However, the courses are also open to non-medical persons having MA degree in Social Sciences, M.Sc. in Biological Sciences, Pharmacy and its relevant disciplines, Health Economics, Nutrition, Home Economics, etc. with at least 2nd Class or a CGPA of 2.50, who also may be eligible to apply.

Any additional attainment above the minimum entry requirement may be credited to candidates' accounts by the decision of the Academic Council.

Research Methodology	3
Information, Education & Communication (IEC) and Behavioral Change	3
Health Administration and Management	3
Total	18

Group A : Major in Epidemiology

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Epidemiology II	3
Biostatistics and Information Technology II	2
Additional Elective Courses	10
Field Practicum/Attachment	7
Dissertation on Major MOH Area	14
Total Courses	56

Semester 2:

Course Name	Credit Hours
Obligatory Courses - both core (i.e. Health Economics & Development) and elective courses (Details under Course Divisions later)	6/11
Additional Elective Courses selected by the students and relevant to the Major or area of specialization (Details under Course Divisions later)	9/6
Total	17

Group B: Major in Environmental and Occupational Health

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Environmental and Occupational Health	3
Public Health Aspects of HIV/AIDS	2
Additional Elective Courses	10
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Semester 3:

Course Name	Credit Hours
Field Practicum/Attachment-cum-Mini Seminar	7
Dissertation	14
Total	21

Group C: Major in Population & Reproductive Health

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Demography & Population Dynamics	3
Population and Reproductive Health	2
Additional Elective Courses	10
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Group D:
Major in Health Administration and Management

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Maternal, Child and Adolescent Health	3
Hospital Administration and HRD	3
Additional Elective Courses	9
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Group F:
Major in Community Medicine & Primary Health Care

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Maternal, Child and Adolescent Health	3
Non-Communicable Diseases	2
Additional Elective Courses	10
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Group E:
Major in Public Health Nutrition

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Maternal, Child and Adolescent Health	3
Non-Communicable Diseases	2
Additional Elective Courses	10
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Group G:
Major in Health Education & Health Promotion

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Health Education and Health Promotion	3
Communicable Diseases	3
Additional Elective Courses	9
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	14
Total Courses	56

Group H: Major in Maternal, Child & Adolescent Health

Course Name	Credit Hours
Core Public Health Courses of First Semester	18
Health Economics & Development	2
Maternal, Child and Adolescent Health	3
Population and Reproductive Health	2
Health Education and Health Promotion	3
Additional Elective Courses	7
Field Practicum/Attachment on MPH Area	7
Dissertation on Major MPH Area	7
Total Courses	56
